WHAT MAKES AVG SPECIAL

Grisoft solutions are unique in their ability to protect you against all forms of viruses, spyware, intrusion attacks and spam, whilst being light on system resources and easy to install, configure and use. AVG is respected around the world as high-quality security software with a long history. The AVG product line covers home users and small offices, small to medium business, enterprise and individual solutions. Some highlights of AVG include:

- Standard 2-year license policy with an optional 1-year license available
- Unique combination of heuristic analysis and generic detection methods
- Free program updates and versions for the duration of the license
- Automatic high-speed updates via professional downloading services
- Professional and rapid 24/7 technical support
- Multilingual in one package
- More than 40 million satisfied users worldwide
- Special discount for educational and charitable organizations
- Attractive renewal prices
- Award-winning, certified solution
- Ease of installation and use
- Light on system resources
- Detection of Potentially Unwanted Programs
- Support for Windows 64-bit Edition
- Single installation package for all products
- Basic and advanced interface for user flexibility
- AVG Update Bulletin – email information concerning the availability of new updates, current virus outbreaks, and other important news
- And much more

AVG's scanning capability has repeatedly received the Virus Bulletin 100% logo, ICSA Labs certification, and Westcoast Labs Checkmark.

TECHNICAL SUPPORT

With all AVG products, technical support is available 24 hours a day, 7 days a week, via e-mail. The Grisoft support staff provide expert consultation with rapid response times. AVG Authorized Resellers are also available to assist you with AVG sales and technical questions.

Registration of your Sales or License Number is necessary for user identification in order to receive technical support.

- * Support is platform dependant.
- ** This leaflet lists prices up to 5 packages only. More information about AVG products and prices can be found at www.grisoft.com. All prices are subject to change. For validity, please check the website.
